## Why in *TELANGANA*

**Telangana is the largest producer of paddy and the second-largest producer of cotton in India.**

Telangana has emerged as the fourth largest foodgrain producer in the country with nearly 13.6 per cent of total foodgrain production of 14.99 crore tonnes, in the recently concluded Vaanakalam (Kharif) season. Foodgrain production in Telangana is estimated to have hit nearly 2.03 crore tonnes including paddy production of around 1.5 crore tonnes.

Telangana's food grain production has increased from 68 lakh tonnes in 2014 to 3.5 crore tonnes in 2022-23 with paddy alone accounting for nearly 2.3 crore tonnes including about 1.19 crore tonnes of paddy procured from farmers. The foodgrain production is expected to increase further in Telangana during the current fiscal.

According to the union Agriculture Ministry, the procurement operations during the Kharif Marketing Season (KMS) were largely dominated by rice with Telangana being second largest contributor after Punjab.

The Central government is estimated to procure a total 7.75 crore tonnes of paddy during the KMS 2023-24. Of this, about 74.63 lakh tonnes of paddy is procured by Telangana into the Central pool and of this, more than 44 lakh tonnes of paddy has been already procured for milling.

### Telangana Agri Profile

**6,318,753**

MT **PADDY**

Major paddy cultivation state

**3,70,031**

MT **PULSES**

MT **SOYABEAN** Edible Oil

**4,83,126**

MT **RED CHILLY**

**2,60,000**

MT **Other Edible Oil Seeds**

### Business Opportunity for Exhibitors

The Telangana government has decided to set up rice mills and food processing units in every district from 2023-25 to convert Paddy into various products such as rice bran oil, apart from rice and help the farmers in getting open market prices for their crops. **Telangana State is becoming the Rice Bowl of India.**

### Agro-Processing included in Priority Sector Lending

Loans for food and agro-processing up to an aggregate sanction limit of **INR 100 crore** per borrower classified under agricultural activity for Priority Sector Lending (PSL) - RBI Master Directions dated 04-09-20.

Loans to MSMEs engaged in “food and agro-processing” are eligible for classification under Priority Sector Lending (PSL).

### State Policy & Subsidy

**Credit Linked Capital Subsidy Scheme (CLCSS) of Ministry of MSME (Ministry of Micro, Small and Medium Enterprises)**

The objective of the CLCSS Scheme is to facilitate technology up-gradation in MSEs by providing interest subsidy on upgrade of plant & machinery with state-of-the-art technology. The scheme provides an upfront capital subsidy of 15% (on institutional finance of upto Rs 1 crore availed by them) for induction of well-established and improved technology.

## Covering Agro based market of Rice, Pulses, Flour, Oil, Dairy around **HYDERABAD**

### Major Paddy/Rice/Pulses and other food grains/seeds production Industries Distanced to **HYDERABAD**

## Exporter Promotion Plan Scheme

### Agriculture Export Promotion Plan Scheme of APEDA (Agricultural and Processed food Products Export Development Authority)

The Agriculture Export Promotion Plan Scheme of APEDA supports the development and promotion of export of products like, Fruits, vegetables and their products, Meat and meat products, Poultry and poultry products, Dairy products, Confectionary, biscuits, and bakery products, etc. The scheme is designed to boost agricultural product exports, offers support to exporters by addressing challenges in the industry. It accomplishes this by understanding exporter difficulties, providing necessary assistance to overcome obstacles, and offering financial aid in areas such as export infrastructure development, quality enhancement, and market expansion.

The scheme focuses on three broad components viz:

- ☞ Infrastructure Development
- ☞ Market Development Product
- ☞ Quality Development
